Physician Quality Improvement Physician Spread Lead

Description

The Specialist Services Committee (SSC) has embarked on a new initiative to focus exclusively on spread of QI projects, initially focusing primarily on spread within health authorities. Resources have been allocated from the SSC budget and senior staffing resources have been committed to move this initiative forward. Accordingly, the FH-SSC Physician QI steering committee has allocated resources to support this initiative within the Fraser Health Authority.

The Fraser Health Physician Lead (FH-SSC Spread) will work closely with the provincial SSC Spread physician leads (currently Dr. Lee Ann Martin and Dr. Daisy Dulay), the FH PQI physician leadership team, and a dyad special projects lead to launch this initiative within the Fraser Health Authority.

This will be a contract position similar to that of other PQI Physician Lead roles (Faculty, Curriculum, Alumni, Network and Communications).

Summary

Role	FH-Physician Lead (FH-SSC Spread)
Reports to	FH-SSC PQI/Spread steering committee <ul style="list-style-type: none"> ● Works in dyad with special projects lead (Spread) ● Portfolio managed by PQI manger ● Will work closely with provincial SSC Spread physician leads
