PATIENT REQUEST

By initialing and signing below, I confirm that:

Initials	I am at least 18 years of age and I request medical assistance in dying. I make this request voluntarily and without pressure from others.
Initials	I believe that my medical condition is grievous and irremediable, my suffering is intolerable, there are no treatments that I consider acceptable, I am in an advanced state of irreversible decline, and my death is reasonably foreseeable.
Initials	I have been fully informed of my diagnosis and prognosis and of options for treatments towards cure or control of my condition/disease, that may be applicable to my circumstances.
Initials	Treatments for symptom control, including the potential benefits of palliative care or other treatment, have been described to me in a manner that I understand.
Initials	I consent to be assessed for eligibility and capability by one or more colleagues of my medical or nurse practitioner (practitioner) and, if I am eligible, that a pharmacist and other staff will be contacted to aid in addressing my request.
Initials	I understand that my practitioner will confirm with me whether my request is to take prescribed medication(s) that I may self-administer orally or that a practitioner will administer medications to me by intravenous injection.
Initials	I understand that if I choose self-administration and the regimen is not effective within a reasonable period of time, as determined by me and my practitioner, my practitioner will administer intravenous medication to fulfil my request.
Initials	I have had an opportunity to ask questions and to request additional information, and have received answers to any questions and responses to any requests.
Initials	I understand that I have the right to change my mind at any time.
Initials	I expect to die when the medication to be prescribed is administered.
