Referral Criteria for Breast Health Clinic

- Women and men
- Patients 17 years and older
- Patients with breast symptoms such as:
  - Lump
  - Breast tissue thickening or fibrocystic changes
  - Nipple discharge/nipple inversion/skin changes
  - Localized pain and tenderness
  - Dimpling or contour deformity
  - Axillary mass
- Patients with an abnormal screening mammogram.
- Patients with abnormal diagnostic imaging results.
- Patients with previous breast cancer with new breast symptoms or abnormal imaging findings.
- Patients requesting a second opinion.
- Previous Breast Health Clinic patients without a definitive diagnosis who require follow-up (must be re-referred to Breast Health Clinic by GP).

** We do not accept patients who are Self Pay (Private Clinics and Bellingham accept self-pay)**
