

<b>Primary Care Clinic (PCC)</b>		
<b>Service</b>	The PCC is a general practitioner (GP) led primary care clinic that provides comprehensive primary care through an interdisciplinary care team that includes physicians, nurse practitioners and allied and mental health professionals.	
<b>Population Served and Objective</b>	<p>The PCC provides primary care access and services to Surrey residents who do not have a regular primary care provider (ie. are unattached), including those who have been discharged from Surrey Memorial Hospital (SMH). Through its integration with the health clinics on the 3<sup>rd</sup> floor, the PCC will be uniquely positioned to provide effective services to hard to reach populations and those with complex and/or chronic conditions.</p> <p>The PCC aims to ultimately attach individuals to a general practitioner in the community, with the objectives of:</p> <ul style="list-style-type: none"> <li>• improving their health status and their ability to effectively manage their health conditions</li> <li>• reducing the congestion within the Emergency Department at SMH</li> <li>• reducing the re-hospitalization of discharged inpatients where their condition is impacted by the unavailability of follow up primary care</li> </ul>	
<b>Services</b>	<ul style="list-style-type: none"> <li>• provide comprehensive primary care through interdisciplinary care teams</li> <li>• support patients requiring integration of care across and within community services</li> <li>• attach patients to general practitioners and care providers in the community</li> </ul>
