

Are you using your Fraser Health email?

To enable convenient access from anywhere, the Microsoft Outlook app is being rolled out to physicians across Fraser Health. **Monitor your email for more information** - support is being provided on these dates:

Nov. 16 - 18: BH, ERH, RMH, SMH

Dec. 7 - 9: DH, FCH, PAH, RCH

Benefits of using your Fraser Health email:

Access up to date information

Separate work and personal emails

Easily locate your team and collaborate

Enhanced Security

What people are saying about using their Fraser Health email:

"I find my Fraser Health email address very useful. It's easy to set up at work, and remotely on my mobile and desktop devices. I appreciate how I'm kept connected to important Fraser Health information and news, and the Service Desk has always been helpful whenever I've needed them." - *Dr. Arun Garg, Medical Biochemistry, Royal Columbian Hospital*

"I really like using my Fraser Health email for work. The Outlook mobile app is easy to setup and use, and it allows me to keep my personal and work email separated. I receive current information and updates quickly and easily." - *Dr. Sanjay Patel, Anesthesiologist, Abbotsford Regional Hospital*
