## Our Goal

“PQI will create the **capacity and culture within the Fraser Health Physician Community to enable widespread engagement** and cooperation with Fraser Health in order to **improve the quality of care for our patients.**”

## Our Mission

- Promote a culture of Quality and Safety
- Promote the IHI Quadruple Aim:
  - Improve the patient experience of care (including quality and satisfaction)
  - Improve the health of populations
  - Reduce the per capita cost of health care
  - Improve the work life of health care providers, clinicians and staff
- Align with Provincial and FH Quality Initiatives
- Provide learning opportunities for physicians of FH to increase their capability for QI
- Provide learning opportunities for PQI members to enable them to better carry out their duties in leadership and change management
- Facilitate physicians and teams in Quality Improvement
- Provide infrastructure, where possible to assist with Physicians QI projects
- Support a team-based approach

## PQI Training

- Through a real QI Project:
  - Project influences which tools and methods will be emphasized
  - Theory Based Approach – outcomes are unknown
  - Assistance in finding the best solutions
- Active learning
- Reference materials
- Adult learning focus
- Support in learning to consult
