

MEDITECH® Mobile Rounding (MMR)

Quick Reference Guide

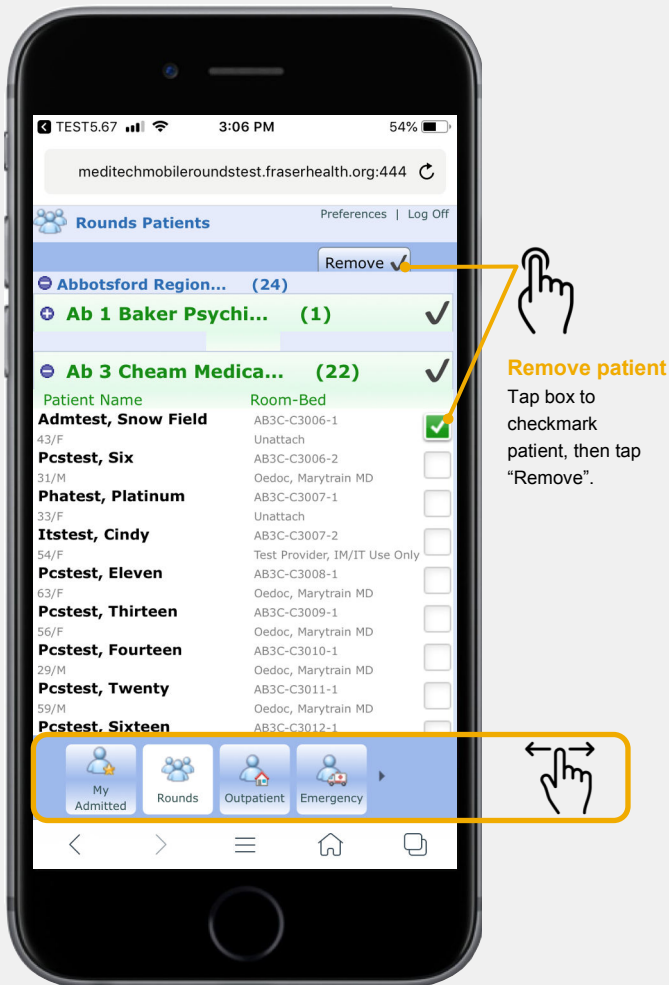

LOG IN

- Tap the MMR icon.
- Log in with your Windows username and password.

PATIENT LISTS

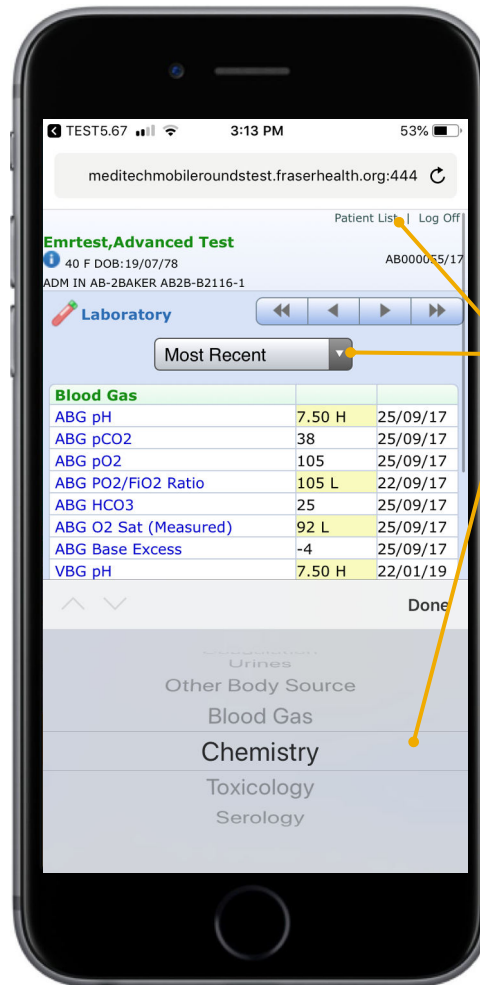

Once you log in, MMR defaults to "Rounds" list as shown below.

Remove patient
Tap box to checkmark patient, then tap "Remove".

PATIENT INFORMATION

When you choose a patient from a list or use the "Find Patient" function, it will bring you to the "Most Recent" laboratory results (as shown below).

Patient List
To go back to "Rounds" patients and other menu options.

Laboratory sub-menus
Choose which lab results you want to view.

Sign Up — Add patient to "Rounds" or "My Admitted" lists.

ADD PATIENTS TO YOUR "ROUNDS" LIST

There are two ways to do this:

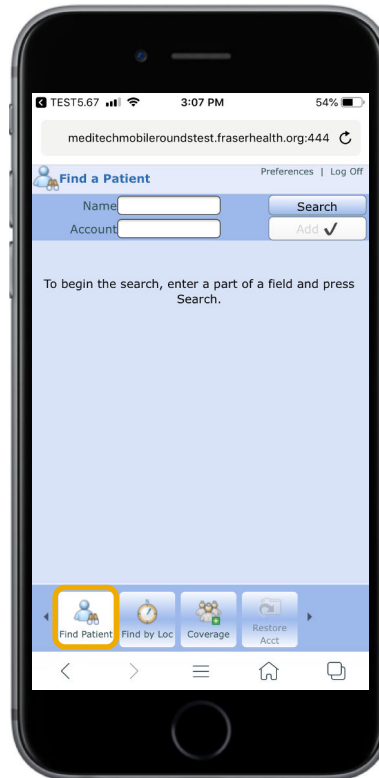

1 Coverage

- Tap "Lookup Providers".
- Search with your "Last name, First name".
- Alternatively, tap the dropdown arrows from "Favorites", "Groups", "Facility" or "Location" options.

2 Find patient

- Search for your patient by "Last Name" or "Account #".
- Tap the patient's name.
- Tap on "Sign Up".

REMOVE PATIENTS FROM YOUR "COVERAGE" SCREEN

- Tap box to checkmark provider you are covering for
- Tap "Clear".

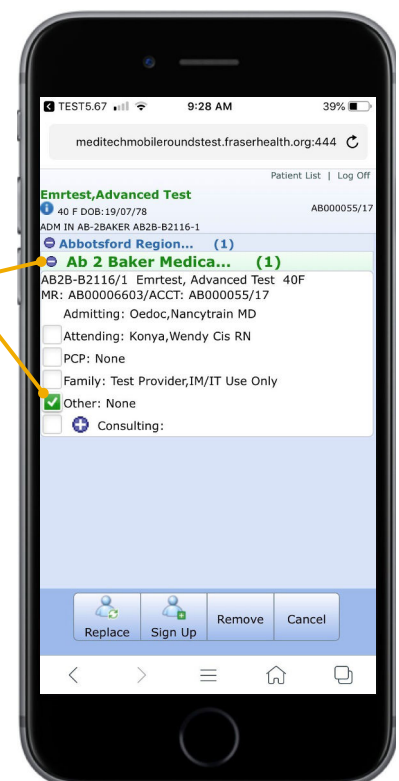

SOME THINGS TO NOTE

- If you find a patient on your "My Admitted" list that is not yours, speak to a registration/unit clerk.
- You have to log in every time you switch apps.
- You can lock your phone without having to log in again (as long as you have MMR open when you lock your phone).
